

Z DISPENSE

Release Notes – Z Dispense 2.4.825 (February 2026)

What's New in this Update?

Improvements to the Erx Matching Process

We have made improvements to the eRX matching process, in particular helping with the matching process for Active Ingredient Prescribing.

We have made improvements to:

- The matching process with AMT data
- Better handling of our text search when we are unable to match on a medication

Other Changes in this Update

No other changes in this update.

What's Fixed in this Update?

- Fixed eRX issue with multi-item scripts incorrectly sending the wrong message/medication when editing
- Fixed eRX issue with mark off owing incorrectly sending the wrong message to Erx
- Fixed incorrect CTG Patient contribution for General CTG Patients
- Fixed eNRMC rejections due to missing claim submission information
- Fixed incorrect expected rebate for under co-payment scripts
- Fixed Patient Medication Chart excluding particular medications
