

## Release Notes – Z Office 1.4.729, Z Register 1.4.729 (Feb 2026)

### What's New in this Update?

#### **Improvements to Error Message when Sending Emails**

We have made improvements to our error messaging when issues arise from sending emails.

The error will now appear in the test error prompt to help you or your IT support figure out what potentially might be causing the issue:

#### **Added EzyLink Integration**

We have added an Ezylink integration within the program. The integration allows us to support the automatic upload of information such as Till Reports and Invoices in Z Software to a range of accounting systems, including Xero, Myob, Intuit Quickbooks and more!

Interested in being an Early Adopter for Ezylink? Contact our Sales Team at [sales@zsoftware.com.au](mailto:sales@zsoftware.com.au).

### Other Changes in this Update

- Updated the PharmXChange URL

### What's Fixed in this Update?

- Fixed Scrypt Pay Payment Status not correctly updating

### Looking for the old release notes?

Previous release notes of Z Office and Register can be found and downloaded from the [Z Help Portal](#). If you don't have a login to the online portal, please contact Z Support.

### Have Feedback?

If you have any feedback (good or bad) on any of the new features, please let us know by contacting [Z Support](#).
